Change your color swatch to spot color matching your InDesign color. You™ have at least one other new color swatch that matches one of the colors used in the charts. Double-click the swatch to edit it, change the Color Type to "Spot Color." For selecting what color to use, I™ve found it easiest to enter the name of the swatch EXACTLY as it is in InDesign, and setting the CMYK values to match. As long as the swatch name is identical as the InDesign name it will output to the same plate.
